EDUCATION

MCA (Pursuing) IIMT College of Engineering

08/2025 - Present

Greater Noida

BCA Shri Aatm Vallabh Jain Girls PG College

05/2022 - 05/2025

PERSONAL PROJECTS

Role-Based Registration & Login System (Frontend)

- Built a multi-role authentication system for Admin, Staff, and Client users.
- Implemented OTP-based login, protected routes, and secure token-based user session handling.
- Developed a responsive user interface using React Router and Context API.
- GitHub: <https://github.com/sumanverma2610/Role-Auth-UI>.

Project & Staff Management System | Node.js, Express.js, PostgreSQL

- Developed backend system for project tracking and staff management.
- Implemented salary updates, leave requests, and role-based access.
- Designed REST APIs and integrated database for efficient operations.
- GitHub: <https://github.com/sumanverma2610/Role-Auth-API>.

Java Banking System | Java, JDBC, MySQL

- Developed a console-based banking application with account creation, deposit, withdrawal, and balance inquiry.
- Used JDBC for database connectivity and MySQL for data management, applying DAO pattern and prepared statements.
